

Summer Basics

Golf in Meribel

One of Méribel's biggest summer attractions is the 18 holes golf course located at the Altiport. Open from early June until October, it is often described as one of the most beautiful mountain courses in France, offering wonderful views of the Saulire peaks and over Méribel valley. The course is hilly, ranging from 1565m to 1850m (the top nine holes lie under the Blanchot ski piste). As well as providing marvellous views, the altitude gives golfers a major advantage: the ball flies further than at sea level.

The course is open to non-members. The green fee for 18 holes is 45€ in low season and 65€ in high season (July and August) with reductions for couples, the under 20s and over 70s. A season ticket is also available: 500€ for low season and 1100€ for the whole season, with reductions for members and couples. Buggies, trolleys and clubs may be hired from the clubhouse. A free practise area includes a large putting green, bunker and chipping practise area and driving range.
